

Deborah M. Germak

Deborah is the Federal Aviation Administration's (FAA) Technology Transfer Program Manager, Office of Research and Technology Applications, Technical Strategies and Integration Group, located at the FAA William J. Hughes Technical Center (Technical Center), Atlantic City International Airport, N. J. She is responsible for the agency's collaborative partnerships and intellectual property. She is also a core team member for the Aviation Research and Technology Park planned at the Technical Center.

Deborah has numerous years of experience as a Government Contracting Officer and in related positions, and many years of management experience. She was enrolled in Office of Personnel Management's Executive Potential Program for Mid-Level Employees. She spent two years with Vice President Al Gore's National Performance Review as the acquisition specialist working on acquisition reform.

Prior to Deborah's current position, she was the Contracts Manager for the Technical Center. She entered that position shortly after the FAA implemented its acquisition reform.

Deborah has a Bachelor's Degree in Business Administration and Accounting from the University of Maryland, and a Master's Certificate in Government Contracting from the George Washington University, School of Business and Public Management. She and her husband, Michael, are avid golfers.
